

The Fifth Science-Policy Forum for Biodiversity and the Eighth International Conference on Sustainability Science

11 December ROOM 210A – Palais des Congrès

8:30-10:00	Opening with a key-note speech: <i>Bending the curve of biodiversity loss needs urgent, integrated and transformative action</i> (D. Leclere, IIASA)
10:00-10:15	Coffee break
10:15-11:45	Session 1 – Room 210A The role of the scientific community in the implementation of the post-2020 global biodiversity framework Session Leads: CSES, iDiv, UNEP-IEMP, SCIES, IUCN
11:45-13:15	Session 2 – Room 210A Transformative actions on all drivers of biodiversity loss urgently required to achieve the global goals by 2050 Session Leads: ISC, biodiscovery, GEOBON
13:30-15:30	Session 3 – Room 210A with lunch provided Biodiversity-Inclusive One health: Future solutions, learning from experience Session Leads: IUBS, WHO, PAHO
15:30-17:00	Session 4 – Room 210A Biodiversity as a source of solutions to sustainability challenges in urban, peri-urban and rural areas Session Leads: The University of Tokyo, UNU-IAS, IGES
16:45-17:00	Coffee break
17:00-18:30	Session 5 – Room 210A Valuing, measuring and reporting on ecosystem services Session Leads: IUBS, IPBES-IFI
19:00-21:30	Reception at the Planetarium Rio Tinto Alcan 4801 Avenue Pierre-De Coubertin, Montreal, Quebec, H1V 3V4 Metro station Viau

The Fifth Science-Policy Forum for Biodiversity and the Eighth International Conference on Sustainability Science

12 December ROOM 516C and 516D/E – Palais des Congrès

9:00-10:30	<p>Session 6 – Room 516D/E What capacity building for digital sequence information can offer Session Leads: IUBS, DFG, DSI Scientific Network</p>	<p>Session 7 – Room 516C Sustainability & food systems/ agriculture: Scaling-up and measuring sustainability Session Leads: IUBS</p>
10:30-11:00	Coffee break	
11:00-12:30	<p>Session 8 – Room 516D/E Mobilizing tools and technologies to support implementation and monitoring of the post-2020 Global Biodiversity Framework - towards a global biodiversity observation system Session Leads: GEOBON, CSP</p>	<p>Session 9 – Room 516c Production and consumption: Public policies & private sector Session Leads: IUBS, Expertise France</p>
12:30-13:30	Lunch	
13:30-15:00	<p>Session 10 – Room 516C Restoration, connectivity, ecological integrity. How to effectively achieve and measure restoration and functionality recovery Session Leads: IUBS</p>	<p>Session 11 – Room 516D/E Nature positive solutions for public & private sectors Session Leads: The University of Tokyo, UNU-IAS, IGES</p>
15:00-15:30	Coffee break	
15:30-17:00	<p>Session 12 – Room 516C Opportunities for nature positive future – session for early-career scholars and students. Session Leads: The University of Tokyo, UNU-IAS, IGES, Future Earth, Japan Hub</p>	
17:00-18:00	Closing Remarks
